## Vision Care Represented at ASCRS 2021

Last week, the American Society of Cataract and Refractive Surgery (ASCRS) held its 2021 Annual Meeting.

During this conference, Dr. Lisa Park, Vice-Chair of Vision Care USA presented a Vision Care update to the International Committee of the ASCRS Foundation, and spoke about our virtual Phacoemulsification Training Course (PTC) and Ethiopia this year. And Dr. Park represented Vision Care in an instructional course entitled “Volunteer Eye Surgeons” along with other organizations including the Himalayan Cataract Project and the Moran Eye Center.

Dr. Park also led an instructional course entitled “Curing World Blindness: Surgical Missions During a Pandemic” highlighting Vision Care's activities and efforts during the past year. Co-instructors included Dr. Geoff Tabin, founder of the Himalayan Cataract Project and 2021 winner of the Chang Humanitarian Award, Dr. Susan MacDonald, founder of EyeCorps, an NGO working in Tanzania, and Dr. Barbara Erny, Medical Liaison for International Programs to the ASCRS Foundation.

Thank you Dr. Lisa Park for representing Vision Care at such a prestigious conference!

Sincerely,

Vision Care USA
