Vision Care at ASCRS 2022

At this year's annual ASCRS (American Society of Cataract and Refractive Surgery) Meeting held in Washington D.C., **Dr. Lisa Park represented Vision Care at the ASCRS International Foundation Committee meeting** along with other panelists from ORBIS, Himalayan Cataract Project (HCP), Moran Eye Center, and the Aravind Eye Hospital, where she reported on the success of the 2021-2022 Phacoemulsification Training Course (PTC) in Ethiopia, the Ethiopian doctors we have trained to date, and the recent PTC launch in Tanzania.

Vision Care USA also hosted our annual Appreciation Dinner, where doctors and other representatives of various blindness relief organizations including HCP, SEE International,

Aravind Eye Hospital, and ACE Global came together to celebrate global eye health and to discuss potential collaborative efforts in the future.

Thank you to our guests for a memorable evening!
